Designers, architects, and collectors swarmed the magnificent Park Avenue Armory in New York City on Thursday evening to get a preview of the annual **Salon Art + Design** fair, a stunning display known for its eclectic mix of furniture, decorative, and fine arts. Of the more than 50 galleries from 11 countries represented, brisk sales were reported in the opening hours. An incredible 3,500 attended the VIP opening, a record for the event. Whether they were shopping for clients or themselves—or simply seeking inspiration, there was something for everyone. Here, we speak to some of the top designers about their must-haves (some of which have already been snapped up).

“The sculptural black Pebble Table by **Gal Gaon** at **Hostler Burrows** was so simple yet powerful. The textures simultaneously evoke earth and water.” —Stephanie Goto, *STEPHANIEGOTO*

HOSTLER BURROWS

“**Maren Kloppman’s** *Wall Pillows Blue Rectangle I* at **Hostler Burrows** combines rigorous geometric precision and rich ceramic materiality. I am drawn to the dense random composition of lozenge forms and the overlaid regular geometry of the cobalt rectangle. These dualities are the kinds of things I strive for in the houses I design.” –Tom Kligerman, *Ike Kligerman Barkley*
